

## AI-Driven Vendor Onboarding

From 60 Minutes to Under 5 – Vendor Onboarding, Reimagined with AI

### OVERVIEW

**iVen** is Nihilent's Vendor Management Portal on SAP BTP, supercharged with **Joule AI** to eliminate manual vendor document verification. What once took an hour of back-and-forth document checking now gets completed in under five minutes – with zero manual review and full confidence in data accuracy.

### HOW IT WORKS

Automated document extraction via **SAP Document AI**

AI validates data and cross-checks details **automatically**

Approval process completed in **under 5 minutes**

**≥95% confidence score** ensures extreme data accuracy

Business Partner record created automatically post-validation, synced live to S/4HANA

### BUSINESS IMPACT

| METRIC           | RESULT           |
|------------------|------------------|
| Approval time    | 60 min to <5 min |
| Match confidence | ≥95%             |
| Manual review    | Zero             |
| S/4HANA sync     | Live BP Record   |

### WHY IT MATTERS

Procurement teams no longer chase paperwork – they onboard vendors with speed, accuracy, and audit-ready confidence, freeing valuable staff to focus on supplier relationships instead of manual data entry.
